PROFILE

Business and IT master's student at CBS with three years of student work in fintech and a year of full-time experience between studies. My background combines retail banking exposure at Jyske Bank with platform-side experience at Lunar. This dual perspective has shaped my interest in how incumbent financial institutions transform through technology.

WORK EXPERIENCE

Lunar · Aarhus

Student Assistant, Product Analytics · Part-time · Sep 2024 – Present

- Built SQL/dbt pipelines for product KPI reporting
- Supported A/B-test analysis for the Lunar Pro launch
- Collaborated with PMs on retention and conversion analyses

Jyske Bank · Silkeborg

Junior Analyst (gap year) · Full-time · Aug 2022 – Aug 2023

- Worked in the Strategy and Analytics team on customer segmentation
- Contributed to the bank's first GenAI pilot in customer service

Føtex · Aarhus

Cashier · Part-time · Aug 2017 – Aug 2019

VOLUNTEER WORK

Mentor, AIESEC CBS · Sep 2023 – Jun 2024

Mentored international exchange students at CBS.
