- Strong written and oral communication.
- Cross-functional teamwork.
- GPA of 9.4 from SDU.
- International outlook from exchange and work.

APPLYING TO

Accenture
Management Consulting
Analyst
Copenhagen, Denmark

LETTER OF MOTIVATION

Lærke Brandt · Management Consulting Analyst graduate position

Dear Hiring Team at Accenture,

I am writing to apply for the Management Consulting Analyst graduate position at Accenture Strategy & Consulting, with a planned start in September 2026. I will complete my MSc in Business, Language and Culture at SDU in summer 2026 and am excited by the opportunity to begin my career at the intersection of business and technology — exactly where the Management Consulting Analyst role sits.

I am a SDU master's student bridging business, communication and culture. My academic and professional path has revolved around how international organisations communicate, train and lead during change. Through my work at LEGO and TDC NET, I have seen how organisational design and learning systems determine whether a transformation succeeds.

My most recent role as Student Consultant, Learning & Development at TDC NET has shaped my interest in this work in concrete ways. Designed digital learning paths for 3,000+ technicians. The exposure to real business problems, in a structured environment, showed me how analytical work translates into tangible outcomes — and reinforced my motivation to continue in consulting.

What attracts me to Accenture's consulting practice is the combination of strategic and implementation work for some of the largest organisations in the Nordics. The opportunity to apply hands-on problem solving in real client environments, while still developing depth in the areas I care most about, is rare — and exactly what I am looking for as I move from study into a full-time role.

I am open to working across Accenture Consulting's Industry practices (Financial Services, Resources, Life Sciences, Consumer Goods & Services, Health & Public Services) and Functional practices (Talent & Organization, Supply Chain & Operations). That said, my background and interests align particularly with the **Talent & Organization** practice, and I would welcome the opportunity to be considered for it as a primary preference.

I am able to take part in the bootcamp in Copenhagen, and I will have completed my master's degree before September 2026. Thank you very much for considering my application — I would be delighted to discuss in more detail how I could contribute to Accenture's Management Consulting Analyst team.

Warm regards,

Lærke Brandt
