Accenture Strategy & Consulting

Tuborg Boulevard 12, 2900 Hellerup

Dear Hiring Team at Accenture,

I am writing to apply for the Strategy Analyst graduate position at Accenture Strategy & Consulting, with a planned start in September 2026. I will complete my MSc in Accounting, Strategy and Control at CBS in summer 2026 and am excited by the opportunity to begin my career at the intersection of business and technology — exactly where the Strategy Analyst role sits.

I am a CBS master's student in Accounting, Strategy and Control with a clear interest in how CFOs translate finance functions into strategic enablers. My internship at Deloitte's Finance Transformation team and student role at Danfoss have shaped my understanding of the modern CFO agenda — from finance digitalisation to enterprise performance management.

My most recent role as Consulting Intern, Finance Transformation at Deloitte has shaped my interest in this work in concrete ways. Supported a finance target operating-model design for a Nordic energy client. The exposure to real business problems, in a structured environment, showed me how analytical work translates into tangible outcomes — and reinforced my motivation to continue in consulting.

What draws me to Accenture Strategy is the chance to work where corporate strategy and technology meet — across industries, with senior stakeholders, and with the analytical rigour I have built throughout my degree. The Nordic Strategy community's emphasis on diverse perspectives and continuous development matches the kind of environment in which I do my best work.

At Accenture Strategy, I would welcome being considered across Technology Strategy & Advisory, CFO & Enterprise Value, Industry Strategy, and Data & AI. Given my profile and interests, I am especially drawn to the **CFO & Enterprise Value** practice and would value being considered for it as my primary preference.

I am able to take part in the bootcamp in Copenhagen, and I will have completed my master's degree before September 2026. Thank you very much for considering my application — I would be delighted to discuss in more detail how I could contribute to Accenture's Strategy Analyst team.

Best regards,

Frida Holmstrøm
