

Asger Bagge

MSc in IT Product Development · graduate candidate

+45 26 47 31 89 | asger.bagge@gmail.com | Ny Munkegade 118, 8000 Aarhus C | linkedin.com/in/asgerbagge

Profile

Aarhus computer science graduate now reading IT Product Development. My professional experience at Trifork, Vestas and Stibo Systems has covered software development, product strategy and platform consulting. I want to take this experience into Accenture Strategy, where I can advise clients on how technology should shape their strategic agenda — not just enable it.

Education

AU

MSc in IT Product Development

2024-2026

GPA: 9.9

AU

BSc in Computer Science
