- Swedish (working)

TECHNICAL SKILLS

Python, PyTorch, Hugging Face, SQL, Spark, Azure, Docker, Git

PROFESSIONAL SKILLS

- Cross-functional translation
- Technical documentation
- Hypothesis-driven thinking
- Client communication

Elias Klint

Graduate Applicant — MSc in Computer Science (joint with Mathematics)

PROFILE

RUC computer science and mathematics master's student. My RUC project work has covered everything from natural language processing for legal documents to optimisation models for logistics. I am drawn to Accenture's Data & AI practice because I want to help clients turn AI from a topic of fascination into a structured part of their strategy.

WORK EXPERIENCE

KMD · *Ballerup*

Data Science Intern · Full-time internship · Feb 2025 – Aug 2025

- Built models for fraud detection in public-sector benefit systems
