

Rasmus Berg

MSc in IT and Cognition

PROFILE

KU master's student combining computer science with cognitive science. My professional experience at Schibsted and Velux has covered everything from frontend development to platform strategy. I want to apply this combination of technical depth and human-centred thinking to Accenture's Technology Strategy & Advisory practice.

EXPERIENCE

Product Strategy Intern

Schibsted, Copenhagen · Full-time internship · Feb 2025 – Aug 2025

- Researched the AI landscape for media and classifieds platforms
- Built business cases for two AI features that entered the roadmap

Software Developer Intern

Velux, Hørsholm · Part-time · Sep 2023 – Jan 2025

- Developed internal tools for product engineering teams
- Worked across Python, React and Azure DevOps

Crew Member

McDonald's, Copenhagen · Part-time · Aug 2017 – Aug 2020

VOLUNTEER

Volunteer, Coding Pirates Copenhagen · Sep 2022 – Present

Coach for kids learning programming.

MASTER'S THESIS

GenAI in Editorial Workflows: A Cognitive-Workload Perspective
