PROFILE

ITU data science master's student with a deep technical background and recent client-facing experience at Implement Consulting Group's Data & AI practice. I bring rigorous quantitative thinking, strong communication, and a track record of taking models from notebook to production in client environments. Accenture's Data & AI strategy practice is the natural next step for me.

EDUCATION

MSc in Data Science
ITU

2024-2026
Current GPA: 10.4

BSc in Data Science
ITU

2020-2023
GPA: 10.0

Exchange semester: ETH Zürich (Autumn 2024)
