- Comfort with ambiguity and learning curves.
- Strong written and oral communication.
- Cross-functional teamwork.
- GPA of 28.5 / 30 from Bocconi University.
- International outlook from exchange and work.

APPLYING TO

Accenture
Strategy Analyst
Copenhagen, Denmark

LETTER OF MOTIVATION

Giulia Romano · Strategy Analyst graduate position

Dear Hiring Team at Accenture,

I am writing to apply for the Strategy Analyst graduate position at Accenture Strategy & Consulting, with a planned start in September 2026. I will complete my MSc in Management at Bocconi University in summer 2026 and am excited by the opportunity to begin my career at the intersection of business and technology — exactly where the Strategy Analyst role sits.

I am a Bocconi MSc in Management graduate with strategy and corporate finance internships at Bain & Company Italy and Pirelli. My exchange semester at Copenhagen Business School introduced me to the Nordic business culture, which is a strong draw for me as I begin my career. I plan to relocate to Copenhagen this summer.

My most recent role as Summer Associate (PreMBA) at Bain & Company has shaped my interest in this work in concrete ways. Contributed to a corporate strategy engagement for a Southern European industrial group. The exposure to real business problems, in a structured environment, showed me how analytical work translates into tangible outcomes — and reinforced my motivation to continue in consulting.

What draws me to Accenture Strategy is the chance to work where corporate strategy and technology meet — across industries, with senior stakeholders, and with the analytical rigour I have built throughout my degree. The Nordic Strategy community's emphasis on diverse perspectives and continuous development matches the kind of environment in which I do my best work.

At Accenture Strategy, I would welcome being considered across Technology Strategy & Advisory, CFO & Enterprise Value, Industry Strategy, and Data & AI. Given my profile and interests, I am especially drawn to the **Industry Strategy** practice and would value being considered for it as my primary preference.

I am able to take part in the bootcamp in Copenhagen, and I will have completed my master's degree before September 2026. Thank you very much for considering my application — I would be delighted to discuss in more detail how I could contribute to Accenture's Strategy Analyst team.

Warm regards,

Giulia Romano
