
LAURA WINTHER

Strategy Analyst Graduate Candidate | Persona mix: Tech Translator / Transformation Orchestrator

Aarhus, Denmark | +45 22 18 74 55 | laura.winther@example.com | linkedin.com/in/laurawinther

Profile

Business-technology profile with experience in digital project support, requirements clarification, and data-informed decision-making. Particularly strong at creating structure across stakeholders and translating business needs into technology-relevant actions.

Education

MSc in Information Technology, Communication and Organization | Aarhus University | 2024-2026

Current GPA: 9.5/12 Focus on digital transformation, system development, project management, and organizational implementation.

BA in International Business Communication | Aarhus University | 2021-2024

GPA: 9.2/12 Courses in business understanding, stakeholder communication, and analysis.

Professional Experience

Student Worker, Digital Operations | BESTSELLER | Aug 2025 - Present

- Supported digital improvement initiatives by gathering requirements, coordinating testing, and documenting process needs.
- Worked across business and technical stakeholders to ensure progress and alignment.

Customer Success Student Assistant | B2B SaaS company | Sep 2024 - Jul 2025

- Helped clients configure and adopt digital solutions, translated user needs into internal tickets, and supported training sessions.
- Built understanding of how technology value depends on usability, stakeholder alignment, and implementation quality.

Project Intern | Aarhus Municipality | Jan 2024 - Jun 2024

- Supported a digitalization-related project with communication material, interview summaries, and stakeholder coordination.

Selected Project Experience

- Built a prototype concept for AI-supported internal knowledge sharing and evaluated adoption barriers, user needs, and implementation considerations.
- Conducted a process analysis project that linked system design choices with employee workflows and change readiness.
