

ANDREAS HOLMGAARD

TECH STRATEGIST PROFILE

+45 21 84 36 17 | andreas.holmgaard@email.dk | linkedin.com/in/andreasholmgaard | Frederiksberg, Denmark

PROFILE

Analytical and commercially minded graduate candidate with a strong foundation in digital transformation, technology-enabled business models, and strategic problem solving. Experienced in turning ambiguous business challenges into structured recommendations, business cases, and implementation plans. Motivated by roles at the intersection of technology and management where C-level advisory, operating model design, and technology strategy create tangible business value.

WORK EXPERIENCE

Student Strategy Analyst | Accenture Song, Copenhagen

Aug 2025 - Present

- Supported workstreams related to technology strategy and digital business development for clients in retail and financial services.
- Built market scans, operating model hypotheses, and executive-ready slides for steering group meetings.
- Contributed to business case development for a personalization initiative by quantifying value levers, costs, and implementation dependencies.

Student Assistant, Digital Transformation |

Arla Foods, Viby J

Sep 2024 - Jun 2025

- Mapped customer and internal journeys to identify pain points and opportunities for technology-enabled business model improvements.
- Coordinated input across commercial, data, and product stakeholders and translated findings into

structured recommendations.

- Prepared materials for senior stakeholders on transformation priorities, sequencing, and change implications.

Junior Consultant Intern | Implement
Consulting Group, Aarhus

Jan 2024 - May 2024

- Supported strategic problem solving in a project on process standardization and value realization.
- Performed interview synthesis and developed issue trees, workplans, and management summaries.

SELECTED PROJECTS

Selected project experience

- Developed a strategic recommendation paper on AI-enabled service models in Nordic B2C companies, including maturity assessment and prioritization logic.
- Facilitated workshop preparation for a top-management offsite focused on digital growth and future operating model capabilities.

HIGHLIGHTS RELEVANT FOR CONSULTING ROLES

- Combines strategic analysis with commercial understanding and clear executive communication.
- Strong fit for projects involving transformation priorities, technology strategy, and business case development.
