
KATRINE MØLLER

Strategy Analyst Graduate Candidate | Persona mix: Transformation Orchestrator / Industry Specialist

Aarhus, Denmark | +45 26 91 55 08 | katrine.moller@example.com | linkedin.com/in/katrinemoller

Profile

Structured and commercially minded graduate candidate with experience in program coordination, value tracking, and industry-focused analysis. Strong at turning broad strategic priorities into practical workstreams and at collaborating across functions to keep momentum in complex initiatives.

Education

MSc in Economics and Business Administration | Copenhagen Business School | 2024-2026

Current GPA: 9.8/12 Focus on performance management, strategy execution, finance, and transformation.

BSc in Business Administration and Service Management | Copenhagen Business School | 2021-2024

GPA: 9.1/12 Electives in operations, change management, and supply chain.

Professional Experience

PMO Student Assistant | Arla Foods | Aug 2025 - Present

- Supported a cross-functional transformation program with governance material, timeline follow-up, and preparation of steering committee presentations.
- Tracked key initiatives, risks, and dependencies across workstreams and helped ensure follow-through on agreed actions.
- Assisted in developing materials for workshop sessions with senior business stakeholders.

Student Analyst, Commercial Excellence | Salling Group | Sep 2024 - Jun 2025

- Analyzed category and pricing data to support commercial decisions and cost improvement discussions.
- Produced concise management reporting and presented findings to colleagues in commercial and operations teams.

Operations Intern | Danish Crown | Jan 2024 - Jun 2024

- Worked on process mapping and improvement proposals related to planning and coordination in a production environment.
- Gained insight into value chain dynamics, operational bottlenecks, and implementation realities.

Selected Project Experience

- Developed an implementation tracking framework for a student consulting project focused on post-merger integration priorities.
- Completed thesis pre-project on how governance structures influence strategic execution in large organizations.
