ANNE RISHØJ SØNDERGAARD

STUDENT WITH A CURIOUS MIND, ITKO BACKGROUND AND ARLA AMBITIONS

PROFILE

I am a communication and IT student with international experience and a strong interest in how people and technology work together in organizations. I completed my Bachelor's degree in International Business Communication in 2023. Since then, I have spent the past two years living and working in Australia, a lifelong dream of mine. I am now about to start a Master of Science (MSc) in Information Technology in IT, Communication, and Organisation (ITKO), which I will focus on over the next two years. ITKO explores complex technical, development, and management tasks in communication and information technology. It teaches students how to integrate strategic, communicative, and organizational aspects in the development and implementation of IT systems in organizations. The program emphasizes interdisciplinary collaboration, helping students apply knowledge and skills across different fields and prepare for diverse challenges in future careers.

WORK EXPERIENCE

- Shift Leader / Supervisor Outdoor Dining** FEBRUARY 2025 - JUNE 2025
Food and Beverage Attendant FEBRUARY 2024 - FEBRUARY 2025
Yulara (Uluru), 0872, NT, Australia
 - Responsible for overseeing various dining sites across the department.
 - Leading a team of Food and Beverage attendants and chefs, providing guidance and support.
 - Overseeing the day-to-day operations, allocating staff to different dining sites.
 - Solving logistical issues within the department, including managing stock orders and coordinating various vehicles to ensure smooth operations across all sites.
 - Being the middle man between the customer-facing part of the team and the internal operations team, facilitating smooth communication, aligning expectations, and ensuring that both sides are informed and working toward shared goals efficiently.
 - Developing strong customer communication skills by addressing guest requests, managing complications, and resolving complaints.
- Social and Health Assistant (substitute), Nursing** 2020 - 2023
home, Kollektivhuset
Randers, Denmark
 - Caregiving, medication administration, and engaging in personal conversations with the residents.
 - Innovated solutions to aid communication for residents with cognitive challenges
- Freelance content creator and copywriter, Textmate** 2020 - 2021

EDUCATION - COURSES

Seeking a student job alongside my Master's program is not only a chance to gain practical experience, but also an important step in my professional and personal development. I hope to work in a setting where I can collaborate across disciplines with colleagues and fellow students, as this is a key focus in my education. A student job would also allow me to apply the theoretical concepts and methods from my studies to real-world situations and challenges.

I have listed the courses I have completed, as well as those I am set to complete:

Master of Science (MSc) in Information Technology in IT, Communication and Organisation (ITKO).

2025 - 2027

- Project Management.
- Digital Technologies in Businesses.
- Software Development.
- Digital Communication.
- Digital Business Development.
- System Development.
- Digital Leadership and Organisation.
- Data-driven Business Analysis.

BA International Business Communication in English

2020 - 2023

- English Language in Theory and Practice.
- Introduction to Corporate Communication.
- Introduction to the Business Environment.
- Global Englishes and the Marketplace.
- Politics and Culture for Business.
- Professional Texts – Analysis, Production, and Translation.
- Cognition and Human Meaning-making.
- Training in the Workplace and Professional Competencies.
- Scientific Theory and Methodology.
- Strategizing Communication.
- Digital Communication.
- Internal Communication.
- Sustainability and Environmental Communication.

Exchange semester at Aston University, Birmingham, England

Spring semester 2022

- Media and society.
- Language and society.
- Cognition and style.
- Language at work.
