PROFILE

Analytical master's student with experience combining commercial analysis, market research, and digital transformation work. Interested in strategy roles where industry insight, structured problem solving, and technology-enabled growth agendas meet.

EDUCATION

MSc in Economics and Business Administration, International Business - Aarhus University

2024-2026 | Current GPA: 10.1 / 12

Exchange Semester, Digital Strategy & Innovation - Bocconi University

Spring 2025

BSc in Business Administration - Aarhus University

2021-2024 | GPA: 9.4 / 12

PROFESSIONAL EXPERIENCE

Strategy & Business Development Student Assistant - Arla Foods

Aug 2024 - Present

- Supported a project team building a market entry case for a new digital service concept in Northern Europe.
- Prepared competitor scans, customer segmentation inputs, and Excel-based scenario models for senior stakeholders.
- Contributed to workshop materials on sustainable growth opportunities and operating model implications.

Student Analyst - Implement Consulting Group

Jan 2024 - Jun 2024

- Performed desk research on industry trends and strategic responses in consumer goods and retail.
- Synthesised interview notes into problem statements and action tracks used in client deliverables.

Sales Assistant - Magasin

2019 - 2023

- Part-time role alongside studies; responsible for customer-facing service and onboarding new student employees.
