EDUCATION

MSc in Business Administration and Information Systems | Copenhagen Business School | 2024-2026 | GPA: 9.8/12

BSc in Business Intelligence | Aarhus University | 2021-2024 | GPA: 8.9/12

Semester abroad | University of Manchester | Spring 2023

WORK EXPERIENCE

Student Data & AI Analyst | Topdanmark, Ballerup

Aug 2024 - Present

- Supported AI enablement initiatives by framing business use cases, gathering stakeholder requirements, and helping translate them into data and tooling needs.
- Built dashboards and analysis packs that improved analytics interpretation for claims and customer service teams.
- Facilitated dialogue between business stakeholders and technical specialists on system constraints, data quality, and expected value.

Business Intelligence Intern | Netcompany, Copenhagen

Jan 2024 - Jun 2024

- Worked on business-IT alignment by documenting requirements and helping shape reporting and automation use cases.
- Contributed to architecture workshops and data flow mapping for an internal reporting solution.

CORE SKILLS

- Data literacy and analytics interpretation
- Business-IT alignment and use case development
- SQL, Python, Power BI, Tableau
- Prompting, GenAI use cases, and AI enablement
- Danish and English

LEADERSHIP & EXTRACURRICULAR

- Teaching assistant in introductory analytics course | 2024-Present
- Volunteer organizer, CBS Data Society | 2023-2024
