

NIKOLAJ DAMSGAARD

Quantitatively strong candidate with hands-on experience in machine learning, statistical analysis, optimization, and technical solution development. Comfortable building models

+45 31 58 72 04 | nikolaj.damsgaard@gmail.com | Lyngby, Denmark | linkedin.com/in/nikolajdamsgaard

EDUCATION

MSc in Computer Science and Engineering | Technical University of Denmark | 2024-2026 | GPA: 10.8/12

BSc in Applied Mathematics | Aalborg University | 2021-2024 | GPA: 10.3/12

Summer school | ETH Zurich | 2023

WORK EXPERIENCE

Research Assistant, Applied AI | DTU Compute, Lyngby

Sep 2024 - Present

- Developed and evaluated machine learning models for anomaly detection and predictive maintenance use cases.
- Worked with advanced quantitative methods, statistical analysis, and experiment design to improve model robustness.
- Built reproducible pipelines for technical solution development and testing.

Data Science Intern | Energinet, Fredericia

Jan 2024 - Jun 2024

- Applied optimization and simulation techniques to grid planning scenarios and forecasting tasks.
- Contributed code for data processing and model validation in a production-oriented analytics environment.

Student Programmer | AAU Robotics Lab, Aalborg

Sep 2023 - Dec 2023

- Implemented algorithmic improvements for sensor data processing and prototype tooling.

CORE SKILLS

- Machine learning and modelling
- Statistical analysis, optimization, and simulation
- Python, PyTorch, SQL, Docker, Git
- Technical solution development and experimentation
- Danish and English

LEADERSHIP & EXTRACURRICULAR

- Tutor, DTU Compute | 2024-Present
- Volunteer math tutor for upper-secondary students | 2022-2024
