PROFILE

Pharmaceutical sciences graduate with hands-on R&D; experience at Novo Nordisk and a growing interest in how technology and AI are reshaping drug development. I am drawn to consulting because I want to operate at the interface between pharma science and strategic decision making, helping life sciences companies navigate digitalisation and operational change.

EDUCATION

MSc in Pharmaceutical Sciences
KU

2024-2026
Current GPA: 10.0

BSc in Pharmacy
KU

2020-2023
GPA: 9.5

Exchange semester: KU Leuven (Autumn 2024)
