

Christoffer Egmont

MSc in Software Design · graduate candidate

+45 28 76 41 95 | christoffer.egmont@outlook.com | Rued Langgaards Vej 7, 2300 København S | [linkedin.com/in/christofferegmont](https://www.linkedin.com/in/christofferegmont)

Profile

ITU software design master's student with three years of professional development experience in financial services. Whereas most of my peers want to remain in pure engineering roles, I have come to value the broader business context. I am applying to Accenture because I want to combine my technical depth with strategic and operational consulting work — particularly in financial services, where my domain knowledge is strong.

Education

ITU MSc in Software Design	2024-2026 GPA: 9.3
ITU BSc in Software Development Exchange semester at KAIST South Korea (Autumn 2024)	2020-2023 GPA: 8.7

Experience

Student Software Developer · Saxo Bank, Hellerup

Part-time · Sep 2023 – Present

- Contributed to backend services in the trading platform
- Worked across Java, Kotlin and TypeScript codebases
- Participated in incident response and post-mortem reviews

IT Intern · Pension Danmark, Copenhagen

Full-time internship · Feb 2023 – Jul 2023

- Helped migrate legacy reporting workflows to a modern data platform

Stocker · Aldi, Copenhagen

Part-time · Aug 2017 – Aug 2020

Volunteer

Coach, FIRST LEGO League · Sep 2022 – Present

Robotics coach for primary-school teams in Greater Copenhagen.
