Lucas Dalgaard

Graduate Applicant — MSc in Innovation, Knowledge and Economic
Dynamics

PROFILE

AAU master's student in innovation economics with a focus on industry transformation. I am drawn to Accenture Strategy's Industry Strategy practice because of its emphasis on combining sector knowledge with analytical depth. My past work at Stiesdal Storage Technologies and a regional development agency has shown me how industries reinvent themselves under regulatory and technological pressure.

WORK EXPERIENCE

Stiesdal Storage Technologies · **Odense**

Strategy Intern · Full-time internship · Feb 2025 – Aug 2025

- Built market entry analyses for two European geographies
- Contributed to a board paper on the long-duration storage market

Business Region North Denmark · **Aalborg**

Student Analyst · Part-time · Sep 2023 – Jan 2025

- Contributed to a regional industrial strategy report
- Coordinated workshops with local business leaders

Føtex · **Aalborg**

Cashier · Part-time · Aug 2018 – Aug 2020

VOLUNTEER WORK

Treasurer, AAU Innovation Society · **Sep 2024 – Present**

Manage finances for student society.

MASTER'S THESIS

Long-Duration Energy Storage and the Reshaping of Nordic Power Markets
