Accenture Strategy & Consulting

Tuborg Boulevard 12, 2900 Hellerup

Dear Hiring Team at Accenture,

I am writing to apply for the Strategy Analyst graduate position at Accenture Strategy & Consulting, with a planned start in September 2026. I will complete my MSc in Business Administration at RUC in summer 2026 and am excited by the opportunity to begin my career at the intersection of business and technology — exactly where the Strategy Analyst role sits.

I am a RUC business administration master's student with a focus on industry transformation and sustainability. My internships at Mannaz and at the Confederation of Danish Industry have given me both consulting and policy perspectives on industry strategy. I am especially drawn to Accenture Strategy's Industry Strategy practice for its mix of corporate and sectoral work.

My most recent role as Strategy Intern at Mannaz has shaped my interest in this work in concrete ways. Supported a leadership-development engagement with a Danish industrial group. The exposure to real business problems, in a structured environment, showed me how analytical work translates into tangible outcomes — and reinforced my motivation to continue in consulting.

What draws me to Accenture Strategy is the chance to work where corporate strategy and technology meet — across industries, with senior stakeholders, and with the analytical rigour I have built throughout my degree. The Nordic Strategy community's emphasis on diverse perspectives and continuous development matches the kind of environment in which I do my best work.

At Accenture Strategy, I would welcome being considered across Technology Strategy & Advisory, CFO & Enterprise Value, Industry Strategy, and Data & AI. Given my profile and interests, I am especially drawn to the **Industry Strategy** practice and would value being considered for it as my primary preference.

I am able to take part in the bootcamp in Copenhagen, and I will have completed my master's degree before September 2026. Thank you very much for considering my application — I would be delighted to discuss in more detail how I could contribute to Accenture's Strategy Analyst team.

Best regards,

Caroline Hougaard
